November

National BBT Meeting

Date: 3rd November 2014

Time: Afternoon

Venue: TBC

BBT Peer Learning Programme

Date: 12th November 2014

Time: 08:45-17:00

Description: Teaching and Learning

Venue: Audrey Emerton Building, Royal Sussex County Hospital, BN2 5BE

Information to share with BBT Trainees and ES

Progress in Training – Key Information

ARCP

The Annual Review of Competency Progression panel took place on the morning of 18th July. Thank you to all those who supported the Panel. All trainees have received feedback on the quality of their evidence on ePortfolio via an educator's note.

Careers – Exit Specialty

Most trainees have now had meetings with the Careers Team and have given a strong indication of their exit specialty choices.

The HEKSS process for allocating to Exit Specialty and timeline along with the allocation form are now available to view on the Careers Section of your ePortfolio. Trainees will receive a notification email from Prism when the allocation form can be uploaded. This should be by **Friday 5th September 2014**.

BBT trainees should complete the allocation form and upload onto Prism for Mary-Rose Shears to view by **Friday 3rd October 2014**.

BBT trainees will receive a final allocation no later than **20th December 2014**.

All trainees should be making contact with the school lead for their exit specialty regarding exit placements and for guidance in preparing to exit into their chosen specialty.

The school contacts for career exit specialty are:

- Dr Hilary Diack, GP
hdiack@kss.hee.nhs.uk
- Dr Graeme Dewhurst, Medicine gdewhurst@kss.hee.nhs.uk
- Dr Ivor Lewis, Paediatrics
ivor.lewis@sash.nhs.uk
- Dr Phil Hall, Psychiatry in Surrey and Sussex
philip.hall@sabp.nhs.uk
- Dr Vijay Delaffon, Psychiatry in Kent
Vijay.Delaffon@kmpt.nhs.uk

“Through creative partnerships we shape and develop a workforce that impacts positively on health and wellbeing for all”

Developing people for
health and healthcare

Important Dates Exit Specialty Choices

5th September 2014

A notification email from Prism will advise trainees about uploading exit specialty choices allocation form to ePortfolio.

3rd October 2014

This is the last day trainees can submit their allocation form for exit specialty choices.

20th December 2014

Trainees should have received a final allocation

BBT ePortfolio

The BBT portfolio is new and unique. Please keep us updated: what works well? What problems are you experiencing? Please report problems to Sarah Swan.

KSS BBT Training e-Bulletin

Our aim is to meet your need regarding the sharing of information from HEKSS. We welcome your input and feedback. Please send any comments regarding this Bulletin, or suggestions for inclusion to sswan@kss.hee.nhs.uk

Please note that the publicizing of any courses and events that are not organized or sponsored by HEKSS does not imply endorsement.

ePortfolio evidence

Curriculum Linking and Emergency Presentations

Following feedback from the ARCP, please remember to link your learning to the curriculum both for broad based competencies and the specialty competencies. The ES will be checking this during their reviews. Also, all trainees completing their Medicine post need to evidence Emergency Presentations on their ePortfolio.

Training Days

BBT Peer Learning Programme

We will be exploring Patient Safety in the next Peer Learning day on 18th September at Dartford. BBT Consultant Lead for Psychiatry and ES, Dr Martin Schmidt will be talking about 'risk assessment and evidence required for a coroner's court'. We look forward to you attending.

Specialty training days

In Year 2, trainees should target study leave for their exit specialty, including attending specialty specific training days.

The BBT website has details on the dates for medicine and paediatrics. Psychiatry dates can be obtained from psychiatry@kss.hee.nhs.uk and the GP dates from your LFG administrator.

National BBT Meeting

The next national meeting will take place on the afternoon of the 3rd November. It will be a good opportunity for all those across HEE who are involved with BBT, including trainees, to come together to discuss the BBT pilot and share experiences and practices. Confirmation of the venue and programme will be communicated closer to the date.

National evaluation of the BBT pilot

An interim report on the first 10 months of the BBT pilot has been published. There was positive feedback with trainees reporting that they felt more confident in their career choices, had more exposure and more confidence in managing patients with complex cases and co-morbidities, felt more confident in decision making and were reported as overall more philanthropic in their orientation. The increased time in training was seen as an advantage rather than a deterrent.

There were some problems expressed with WPBA, the ePortfolio and the organisation of the exposure to a second specialty during a placement.

Thank you to trainees for taking part.

BBT 2015 Recruitment

A further recruitment round to BBT for August 2015 has been announced. We hope HEKSS will again be able to support the second pilot programme.
