Dental Nurses - we want to hear from you

At HEKSS we are considering implementing a suite of CPD courses which in combination would result in a HEKSS Orthodontic Nurse Support Role.

The identified areas of CPD will be:

- OHE relating to orthodontic nursing
- photography
- radiography relating to orthodontic nursing
- impression taking

If you would like to express interest please send us an email with your query dentalinfo@kss.hee.nhs.uk

CONTINUING PROFESSIONAL DEVELOPMENT NOW IS THE TIME TO DEVELOP YOUR SKILLS

The Foundation Degree in Advanced Dental Nursing

This FdSc programme aims to combine the required skills and competencies together with the academic credibility of a Foundation Degree, designed, developed and delivered by Health Education, Kent, Surrey and Sussex and validated by the University of Kent.

- Delivered via extended contact teaching weekends, guided study, work related learning and personal study.
- Two years fulltime course covered over a period of 11 intensive, 3 day weekends commencing in September 2015
- Fully supported by email and telephone contact with Programme Director, Module Leads, Lecturers and HEKSS staff
- Open to GDC registered dental nurses who: hold a recognised dental nurse qualification; are employed within a dental workplace; and can demonstrate ongoing professional education and development planning
- Assessed through portfolio style assignments and clinical competence assessments
- Course costs are £5950 per academic year. Students will be eligible for tuition fee loans from Student Finance England
- It will promote the credibility of dental nurses through academic and professional development so as to positively influence patient and colleague attitudes towards the contribution they make to quality dental care.

Please check all the course entry requirements and all course information to ensure you are applicable to enrol on the course please go to our HEKSS Deanery Website <http://www.kssdeanery.ac.uk/dental> or email us your query dentalinfo@kss.hee.nhs.uk
